

2018 TASMANIAN MOTORCYCLE CLUB

CHAMPIONSHIPS – ROUND 1

TIMING BULLETIN

Timing transponder collection and deposits

Transponders should be available for collection from the middle level of the control tower, from 7:30am Sunday. A **\$50 refundable security deposit** is required, which can be left in cash or by recording credit card details. No charge is made to the card if the transponder is returned immediately after each event. Many competitors have already taken up the option of providing credit card details for the entire series which have been retained from earlier rounds.

Timing transponder mounting and second bikes

It is the competitor's responsibility to ensure that timing transponders are properly mounted for all sessions (including practices). Competitors found not to have transponders properly mounted, may be black-flagged from the session or have times excluded after the end of the session.

Transponder mounting brackets

Mounting brackets **WILL NOT** be provided for rental with transponders. Competitors who do not have their own already can buy them when collecting transponders for **\$10 each** (GST incl). They can then retain the bracket on their bike for future events.

LIVE Internet based timing

You can use your internet enabled laptop, tablet, or smartphone to view live timing and results. Follow the links from www.computime.com.au. In garage 6, it is likely that the internet live timing will be shown on a large TV monitor for those without an internet enabled device.

Services unavailable

NO intermediate sector timing will be available this weekend. Full lap timing only.

This venue does not have a TV distribution system. Therefore, Computime's TV Race Display will not be available.

Computime's local wireless network enabling live timing to be accessed from laptop computers WITHOUT internet connections, WILL NOT be set-up this weekend. If you have an internet connection, refer "LIVE Internet based timing" above.
